The WEX Fleet Card

Intelligent control for fleets

WEX turns fuel, charging, and fleet spend into smarter control, protecting cash as fleets grow.

Why fleet managers choose the WEX Fleet Card

We help fleets manage fuel, payments, and data together, so they can save time, reduce risk, and grow without losing control. We do this in many ways, including:

Spend controls.

Set limits by driver, vehicle, purchase category (fuel, fluids, maintenance, and more), dollar amount, or time of day to enforce compliance before money leaves your account.

Fuel and EV charging in one card.

Pay for traditional fuel and public EV charging through a single card, account, and invoice, without a separate app or RFID tag.

Built-in protection.

With Zero Fraud Liability, you won't be held responsible for unauthorized purchases*.

Nationwide acceptance.

Fuel at approximately 95% of U.S. gas stations, and use nearly 50,000 service locations for maintenance, tires, and roadside help.

Level III data capture.

See who bought what, where, and when, with itemized detail a standard receipt does not give you.

Proactive protection at the pump with SecureFuel®.

Pair compatible telematics data directly to your fuel transactions to help ensure you only pay for fuel when your authorized vehicle is in range.

Built for fleets of any size

Acceptance:

Accepted at approximately 95% of U.S. gas stations, including nearly 50,000 service locations.

Per-Gallon Savings:

Partner with your regional WEX sales rep to build a custom-tailored fleet solution designed to help you save on every gallon across our nationwide network.

Fleet Support:

Dedicated 24/7 fleet customer service team.

Management & Tech:

Online control via the WEXOnline portal and mobile management tools.

Mixed-Energy Integration:

Unified billing and tracking for standard fuel and EV charging on a single account.

How the WEX closed-loop network works

1. Driver swipes and enters a Driver ID.

The driver uses the card as usual and enters an ID at the pump.

3. Data syncs in real time.

Fuel grade, gallon count, cost, and location land in the online portal right away.

2. The purchase routes through the WEX proprietary network.

WEX owns the back-end rails, so WEX processes the transaction and captures the data directly, with no added party in between.

4. You get the invoice and report.

Review itemized activity, spot exceptions, and manage your budget from one place.

See more with Level III data

WEX cards capture transactions electronically, well beyond what a debit or corporate card typically provides. Odometer readings help you spot irregular purchases. Driver ID numbers show you who bought what, when, and where.

Data captured	Debit cards	Corporate cards	WEX Fleet Card
Total purchase cost	✓	✓	✓
Merchant name and address	✓	✓	✓
Purchase date and time	—	✓	✓
Number of gallons and sales tax	—	✓	✓
Cost per gallon and fuel grade	—	✓	✓
Merchant type	—	✓	✓
Line-item detail on non-fuel purchases	—	—	✓
Product type and description	—	—	✓
Driver ID number	—	—	✓
Vehicle ID number and odometer reading	—	—	✓

WEX EDGE®
Discounts on fuel, tires, hotels, wireless, and more.

SecureFuel:
Telematics-verified fraud prevention, at no added cost.

Purchase controls that fit your business

- **By hours of the day.** Restrict purchases to your drivers' active work hours.
- **By dollar amount.** Set limits per transaction or per day, at the driver or vehicle level.
- **By days of the week.** Allow fueling only on the days your fleet actually runs.
- **By product category.** Open purchases up to fluids and maintenance, or keep them limited to fuel only.

For example:
Limit drivers to $50 per transaction, on Mondays and Wednesdays, from 9 a.m. - 5 p.m., and let the system handle the rest.

*The Zero Fraud Liability benefit covers unauthorized use of your WEX Fleet Card when your account is in good standing. To access this benefit you must report the unauthorized use of your WEX Fleet Card within 60 days of your billing date, maintain reasonable security policies and controls for the access, use, and protection of all WEX Fleet Cards and related card information, and cooperate fully with any investigation regarding the possible unauthorized use of your card. "Unauthorized use" means the use of the account or a card by a person who does not have actual, implied, or apparent authority for such use, and from which the company receives no benefit. Any use of the WEX Fleet Card when your card controls are set to "Emergency" are not qualified for this benefit.
For full details, see your WEX Account and Services Agreement.
