LANDMARK REPORT

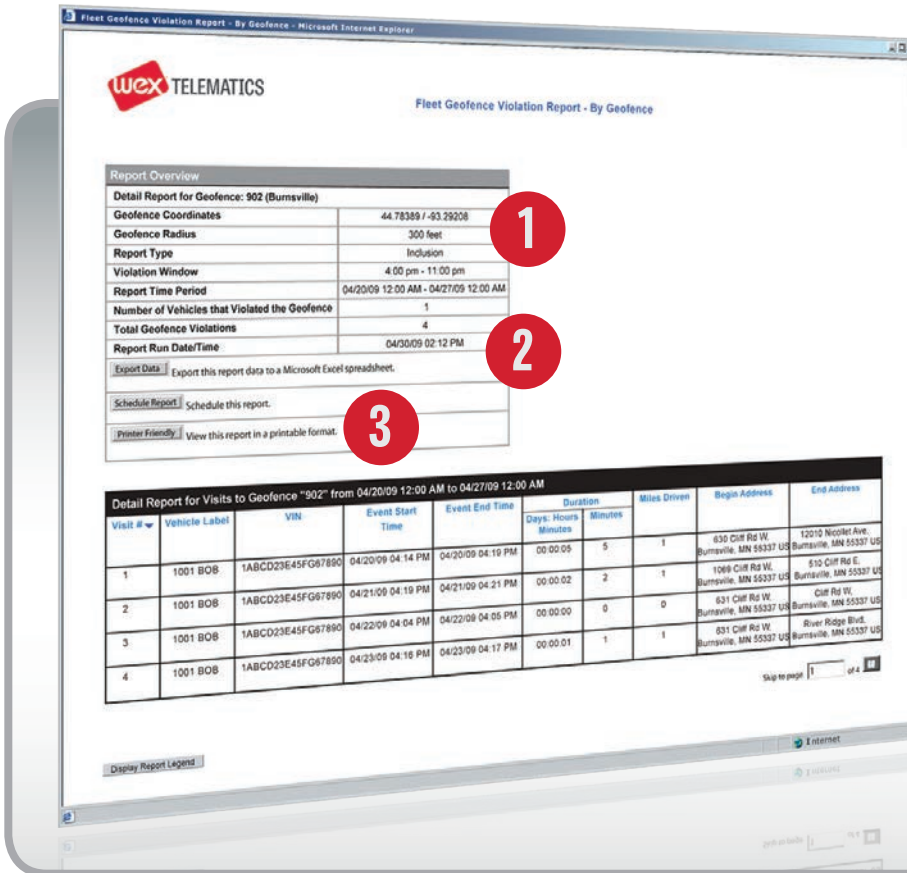

Use this report to document stops of a vehicle at various landmarks such as a home address, customer site, or headquarters. This report can be viewed by Vehicle (landmarks visited by a specific vehicle) or by Landmark (vehicles that visited a specific landmark).

- 1 View the report overview including the total number of landmark visits.
- 2 View the details of your report including the landmark visit duration.
- 3 Plot this information on a map.
- 4 Export, schedule or view your report in a printable format.

GEOFENCE VIOLATIONS REPORT

A geofence is a user defined geographic area. You can use geofences to monitor vehicle movement in and out of a defined area and the miles driven. With this report, you can view when a vehicle entered or exited a geofence. Use this report to monitor the frequency of visits, time of entry/exit and duration of time spent within a restricted area.

Report Overview

Detail Report for Geofence: 902 (Burnsville)

Geofence Coordinates	44.78389 / -93.29208
Geofence Radius	300 feet
Report Type	Inclusion
Violation Window	4:00 pm - 11:00 pm
Report Time Period	04/20/09 12:00 AM - 04/27/09 12:00 AM
Number of Vehicles that Violated the Geofence	1
Total Geofence Violations	4
Report Run Date/Time	04/20/09 02:12 PM

BEGIN/END OF DAY REPORT

View when your vehicles start in the morning and shut down at night. You'll know the hours that your vehicle was in operation, allowing you to estimate hours worked. This can be used to automate timecards if your drivers are paid from key on until key off. Simply select the vehicle or group of vehicles, the date range, and the report will return the first and last time the vehicle operated and approximate hours worked. You can also view the start and stop location with the Map Plot feature.

FUEL USAGE AND MPG REPORT*

View and compare the fuel usage and miles per gallon (MPG) of each vehicle against other vehicles in your fleet. Easily monitor the amount of fuel consumed by each vehicle and spot vehicles that have exceeded your threshold for fuel usage during a given time period. Easily reconcile gallons consumed with fuel card expenditures to monitor for abuse.

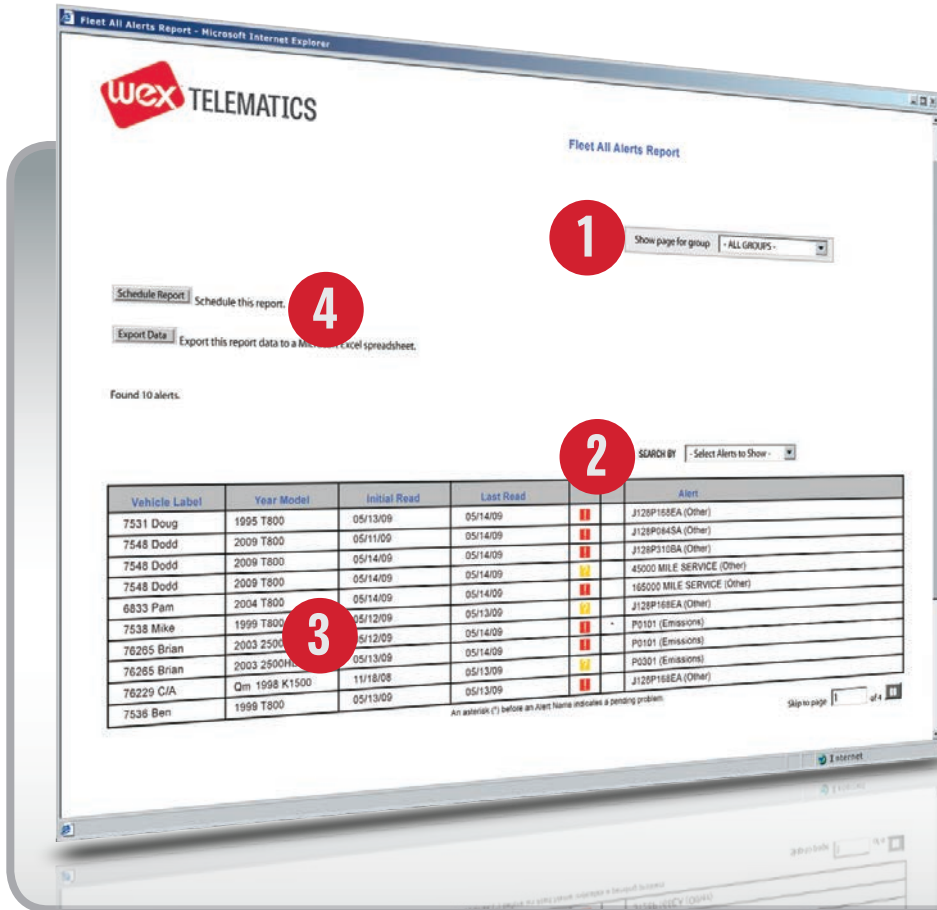

- 1 View your fuel usage and miles per gallon overview.
- 2 View the details of your report including fuel consumption and MPG.
- 3 Export, schedule or view your report in a printable format.

*Not available for all vehicles.

CONTACT US TODAY at 1-866-870-5280 or email telematics@wexinc.com for more information.

ALERTS REPORT

View all current scheduled maintenance and diagnostic trouble code alerts for your fleet. Use this report to ensure routine vehicle maintenance is performed and mechanical problems are repaired.

The screenshot shows the 'Fleet All Alerts Report' page in a Microsoft Internet Explorer browser. The page includes a 'Show page for group' dropdown menu (callout 1), a 'Schedule Report' button (callout 4), an 'Export Data' button (callout 4), and a table of alerts (callout 3). The table has columns for Vehicle Label, Year Model, Initial Read, Last Read, and Alert. The 'Alert' column contains various diagnostic trouble codes and maintenance alerts, each preceded by a red square icon. A 'SEARCH BY' dropdown menu is also visible (callout 2).

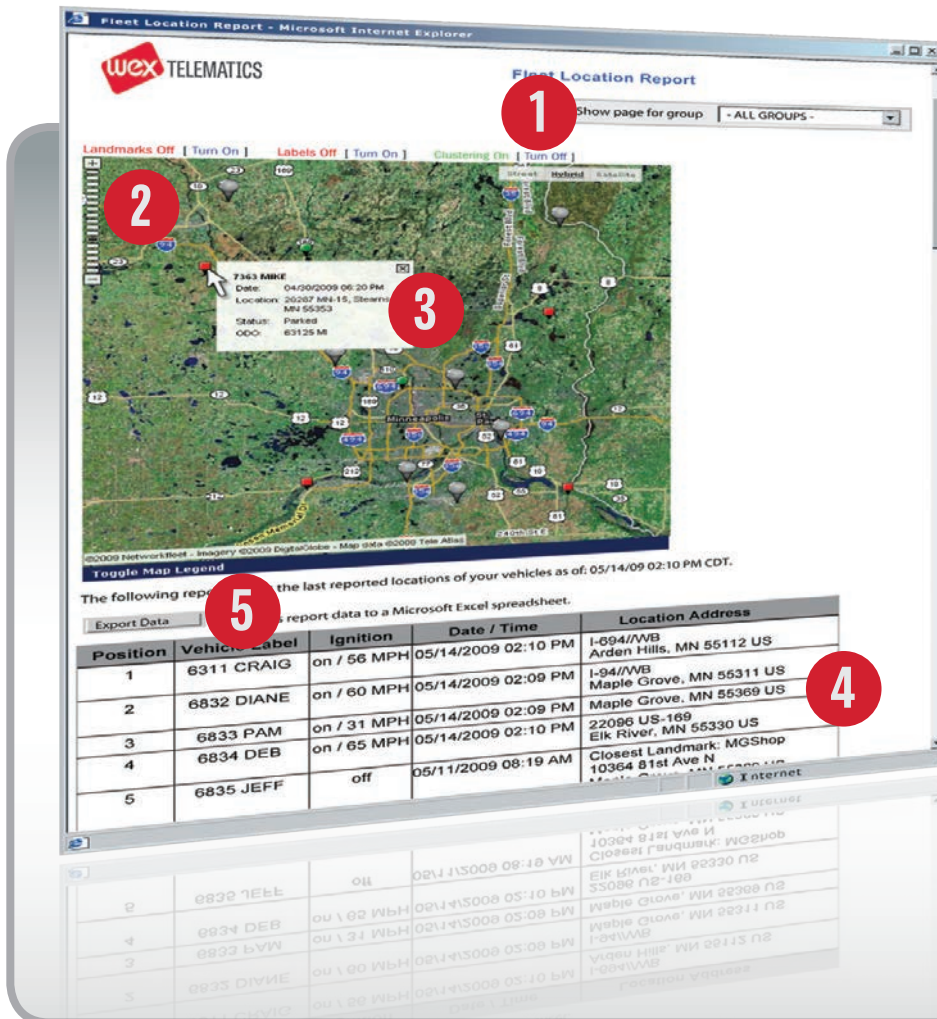

Vehicle Label	Year Model	Initial Read	Last Read	Alert
7531 Doug	1995 T800	05/13/09	05/14/09	J128P155EA (Other)

76229 C/A	Qm 1998 K1500	11/18/08	05/13/09	J128P158EA (Other)
7538 Ben	1999 T800	05/13/09	05/13/09	

- 1 Select a group to display results.
- 2 Select diagnostic trouble code alerts, maintenance alerts, or both.
- 3 View the details of your report.
- 4 Schedule or export your report.

CONTACT US TODAY at 1-866-870-5280 or email telematics@wexinc.com for more information.

LOCATION REPORT

With the robust mapping interface, you can easily find out the location of each vehicle in your fleet in near real-time. See where your vehicles are, which direction they are headed, and how fast they are going. With this tool, you can locate vehicles closest to customer sites to help streamline dispatching.

- 1** Select a group of vehicles to view.
- 2** Toggle through several different map viewing options.
- 3** Select a flag on the map to view detailed vehicle information.
- 4** View line item details for each vehicle.
- 5** Export your report.

CONTACT US TODAY at 1-866-870-5280 or email telematics@wexinc.com for more information.

STOP DETAIL AND IDLE TIME REPORT

Identify vehicles with excessive idle time – simply select the date range and your idle-time parameters. The report summarizes hard stops (vehicle is turned off), idle stops (vehicle is on, but reports a speed of zero mph), stop duration, and stop locations. Use this report to know how much time a vehicle spent at a job site, the idle time, how long it took to get from one site to the next, and the distance travelled. There are also separate Idle Time and Stop Detail reports you can access.

- 1 View the report parameters you selected.
- 2 View the summary of hard stops and idle stops, and the travel summary that includes the total travel time and top speed.
- 3 View the color-coded report that shows the details of each stop.
- 4 Plot the location of each stop on a map.
- 5 Export, schedule or view your report in a printable format.
