

# IT'S HERE! THE NEW EFS CardControl MOBILE APP – FOR DRIVERS

## CONTROL YOUR FUNDS – CONTROL THE ROAD.

EFS CardControl for EFS SmartFunds<sup>®2.0</sup> is the innovative source that allows your drivers convenient access to their EFS card functions while on the go. This app allows drivers to manage their cards anytime and anywhere from their mobile device.

With EFS CardControl, drivers can:

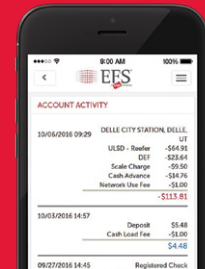

- **Get real-time card balances and recent transaction details**
- **Register Checks**
- **Manage their EFS SmartFunds**
- **Transfer funds to external bank accounts**
- **Find fuel prices and locations based on a specific location (e.g. location of their mobile device)**
- **Find fuel prices and locations by route**

Download the app from the Apple App Store or Google Play. While the app is free for the public to download, users must be a current EFS customer with a valid and active EFS card number and PIN in order to use this app.

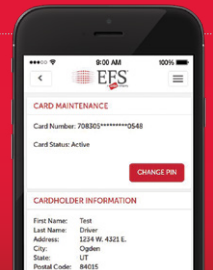

## SHARE THIS UPGRADED NEW APP WITH YOUR DRIVERS TODAY!

Take advantage of new, enhanced functionality:
