

WEX Health Cloud

At WEX Health, we take the complexity out with one simple platform – WEX Health Cloud. Whether you need more efficient administration technology, increased consumer engagement, or solutions for advanced billing and payments – WEX Health Cloud has you covered.

Consumer-Driven Healthcare

Completely **private-labeled** solution that allows you to establish and control your product, reinforce your brand, and add value to your member and client relationships.

Single integrated platform for all account types; HSAs, HRAs, FSAs, VEBA, PRAs, premium billing, COBRA, wellness plans, transit plans and defined contribution, .

Enable custodial services for HSAs including **full integration** with the selected investment platform.

WEX Health Cloud powers **80% of HSA mobile apps**, and serves 9 of the top 20 HSA providers in the U.S.

Advanced Billing & Payments

Allows you to offer unlimited choice - **multiple health plan and ancillary third-party products** - all under one logo.

Creates one, **consolidated monthly invoice** for all products for your employer groups or individual members and one easy-to-read, private-labeled premium invoice.

Dramatically **decreases administrative time** and cost by managing the preview of invoice and reconciliation challenges before your employers and/or individuals are invoiced.

Accepts and streamlines payments of all types - including paper checks through the mail, credit card payments, electronic funds transfers (EFT) and automated clearing house (ACH) payments.

COBRA & Direct Billing

Fully automated COBRA administration with integrated mail and payment processing.

Apply payment rules to accommodate COBRA compliance, retiree and part-time employee programs, APTC, subsidy payments, special enrollment periods, grace periods, and more.

We Invest In You

At WEX Health, we do more than simply provide a technology platform—we invest in your business and your future success. Whether developing new features, creating personalized growth strategies, or engineering technically flawless and engaging consumer experiences, no one is more dedicated to helping you succeed in the world of healthcare consumerism.
