

ACA Compliance Services

It can be difficult to keep up with ACA compliance tracking and reporting requirements. Count on WEX's ACA services to provide peace of mind.

ACA services

Our Affordable Care Act (ACA) services relieve the burden of knowing the intricacies of IRS regulations and turns the process into a simple "one-click" solution. Our ACA services provide an efficient method to regulate data year-over-year, as well as audit information and e-file to the IRS.

Our dedicated ACA team is prepared to assist employers and advisors with any and all questions that arise and can help navigate legal compliance.

WEX ACA services help you:

- Decrease the need for internal employer inconvenience through our fully outsourced, end-to-end solution making it simple to switch from your current ACA solution
- Reduce the possibility of data or filing mistakes occurring with complex data aggregation
- Decrease the amount of time spent on monitoring ACA regulation changes and IRS reporting

- Provide complete, signature-ready 1094 and 1095 forms (Last year we created nearly half a million ACA forms last year with a 99.1% accuracy rate!)

ACA services allow employers and consultants to focus on what matters most:

- Properly import and measure data allowing for a higher standard of accuracy
- Track audited workflows, help determine benefits eligibility, and calculate affordability for benefits-eligible employees
- Make ACA compliance easier for companies to reduce their exposure to ACA penalties and assessments by eliminating all potential risks
