

One card, **so much value:**

Your WEX Fleet Card delivers more

You already know how the WEX Fleet Card supports your business when the time comes to fill up at the pump. But you can trust WEX to do so much more. Expand your partnership with us to realize added value and savings across your entire business.

WEX opens doors for our customers, offering game-changing payment solutions for every business, including:

› Driving success with data:

With the right fuel data and analytics in hand, you can improve fleet performance, find savings opportunities and identify outliers.

› Charging complete:

Manage fuel and EV charging costs on the same account.

› Making maintenance easy:

Pay for tires and auto parts whenever a replacement is needed.

› Saving on hotels, without negotiating:

Enjoy discounted rates when booking hotel stays for your employees.

› Staying on track:

GPS tracking supports next-level operational efficiency and savings with valuable data and analytics.

› Helping you whenever you need it:

Your drivers have access to 24/7/365 roadside assistance and your business will pay a preferred rate.

Streamlined payments for so many business needs make operations easier, while data and analytics enhance oversight and control. Expanding your partnership with WEX means enjoying even more of the convenience, control and security you're used to.
